

# 12/24V ELECTRONIC JUMP STARTER

WET MF EFB AGM GEL

Type: **Topcore ST**

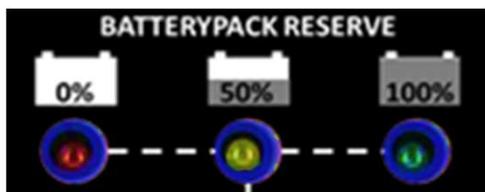

Barcode: 8436594880933

This is a **12/24V jump starter with special protections** for professional cranking assistance. Valid for 12V & 24V vehicles, equipped with Lead-Acid batteries and engine sizes up to petrol 10 litres and diesel 7,5 litres. Provides peak 3000A thanks to an internal battery pack. It's rechargeable from 240V mains.

To operate safely, ensure you respect all safety instructions and personal precautions described in the product manual.

## 12/24V SYSTEMS

LED charging indicator

### Functions:

- Jump start & appliance supply
- 2 auxiliary 12V output
- Charger AC240V
- AGM battery pack
- Rugged construction

### Safety protections:

- Short circuit, reverse polarity & wrong voltage detection
- Damaged battery (cell short circuit) detection

### Box content:

- Jump starter with cables/clamps
- Battery pack
- AC charger
- User manual

For indoor use only.

Technical Specifications	
Peak current:	12V-3000A, 24V-1500A
Cranking current:	12V-1200A, 24V-600A
Application range:	12V vehicle, petrol up to 10 litres 12V vehicle, diesel up to 7,5 litres 24V vehicle, diesel up to 5,5 litres
Cable length:	1100mm (35mm <sup>2</sup> )
12V output:	10A
Battery pack:	2x22Ah, 12V AGM
Charging options:	AC240V charger
Weight:	19kg
